Age of Dinosaurs
Ages: 6 – 9
July 7 – 11
Time: 9 – 3 pm
Cost: $229

An Age of Dinosaurs is a 5-day class that will focus on the study of these magnificent creatures. Students will learn about the different types of dinosaurs and their habitats.

All American Girl Doll Time Machine
Ages: 6 – 9
July 7 – 11
Time: 9 – 3 pm
Cost: $229

Travel into history and dress your doll along with your All American Girl doll friend. You will jump into the past to learn about many historical events that changed the world in our forever! Students will explore a new era of time each day through the classic stories published by American Girl®. Students will make crafts, participate in activities and watch videos all around the end of the day. Each student will receive an 18" doll on the first day of class, included in the cost.

Write, Design, and Illustrate Your Own Comic Book
Ages: 10 – 13
July 7 – 11
Time: 9 – 3 pm
Cost: $229

KAPOW! BAM! In this class students will be able to create a comic strip or super hero with villains or friends. You do not have to know how to draw, but you do need to find your unique style. Creating characters and story lines is empowering. It keeps us focused on ideas. You will become the master of this comic universe. Children who create comic books develop skills in logic, teamwork, problem solving, and completing a task. They also form strong bonds with each other and create a community within. The more they write and draw, the better they get. It helps with self-esteem. Creating comics is therapeutic. Children learn to express thoughts and feelings. A child who is drawing instead of being bored is a beautiful thing. After the program concludes, all comic books created over the week will be printed in full color, professionally bound for the family and friends of each child. 

Build Your Own Video Game!
Ages: 12 – 15
July 7 – 11
Time: 9 – 3 pm
Cost: $229

Video game making is no longer just for computer programmers. Want to learn to use fun and easy software to build your own game? You will first create a storyboard and animations and then use them to create your own video game! Adventures will include using math, logic, communication, and critical thinking skills, problem solving, and creative thinking-all in the context of learning how to design video games. This academy will focus on the technical and artistic skills involved in making video games, including techniques of designing and programming video games. Students successfully completing this training will receive a Certificate of Basic Video Game Development for personal development, or use in their college application. You will learn how to design your own video games and become a game developer. You can even build a game for your family and friends to enjoy!

Movie Making: Produce, Direct, and Shoot a Film Program
Ages: 10 – 12
July 7 – 11
Time: 9 – 3 pm
Cost: $229

This 1 1/2 week program will include working with professional educators. Students will learn about storyboarding, directing, editing, and camera work. You will receive feedback from professionals on your work. The final day will be an open house for family and friends to see your progress and enjoy your completed projects. Projects will include making a short film, making a short story, or creating a short documentary. Students will have the opportunity to receive feedback from experienced professionals in the film industry.

Animals in Motion
Ages: 6 – 9
July 7 – 11
Cost: $229

Come learn all about your favorite furry and wild friends, the habitats in which they live, and even interact with real animals. We guarantee a WILD time! Students will connect to the natural world and develop a lifelong appreciation for wildlife during this week of adventure.

Chemistry at Hogwarts
Ages: 13 – 17
August 11 – 15
Time: 9 – 3 pm
Cost: $249

Students will learn new skills, realize their potential, and develop a sense of belonging and purpose in the world. The program outline these are from a real classroom environment, more unique, in character, in school, and in the community. Teen Leadership offers students things that linkage and nature exploration combined with experiential activities, games, and interactive discussions. Additionally, this program will include a day-long at a certified community service program. Teens who are looking to develop leadership skills and build lifelong relationships will find this program valuable. Students successfully completing this leadership training Program will receive a Certificate of Leadership for use in their college application, resume, or to enhance their developing career portfolio.

Advanced Movie Making
Ages: 10 – 12
July 28 – August 1
Time: 9 – 3 pm
Cost: $229

This is Part II of the Movie Making: Produce, Direct, and Shoot a Film Program. Learn advanced editing techniques and software, special effects, prop design, and more! Students will learn the basics of the green screen. A red carpet will wrap up the week with your very own movies on the big screen for your family and friends to enjoy!

Teen Leadership
Ages: 13 – 15
July 28 – August 1
Time: 9 – 3 pm
Cost: $229

Students will learn new skills, realize their potential, and develop a sense of belonging and purpose in the world. The program outline these are from a real classroom environment, more unique, in character, in school, and in the community. Teen Leadership offers students things that linkage and nature exploration combined with experiential activities, games, and interactive discussions. Additionally, this program will include a day-long at a certified community service program. Teens who are looking to develop leadership skills and build lifelong relationships will find this program valuable. Students successfully completing this leadership training Program will receive a Certificate of Leadership for use in their college application, resume, or to enhance their developing career portfolio.

Pirates and Mermaids
Ages: 6 – 9
July 28 – August 1
Time: 9 – 3 pm
Cost: $229

Let your imagination run wild as you explore the science and artistry behind stage and movie magic. Daily activities will be your plan and the human form will be your canvas as you let your creativity take flight! This intense training program offers a fun, introductory, hands-on exploration into the world of stage and movie magic. Daily activities include a variety of themes and styles, including movie makeup, special effects makeup, and character makeup, and even Zombie Day! Students will be taught the fundamentals of makeup color, theory and coordination, safety, sanitation and hygiene, light, shadow, study of face shapes and bone structure, and much more. At the end of the week our makeup artists will “face-off” against one another in a grand finale with a group presentation and “best of show” awards. Students successfully completing this training will receive a Certificate in Makeup Basics for use in their college application, resume, or to enhance their developing career portfolio.

Drama & Art

Be creative and dress for a mess

Theatre Bug
Grades: 3 – 8
July 7 – 11
Time: 9 – 3 pm
Cost: $179

The Theatre Bug program is a 5-week introduction to the wonderful world of theatre for the very young student. The program combines theatre games, pantomime, music, dance and creative play. Through storytelling, expressive movement and improvisation, students discover the joy of being bitten by the “theatre bug.” "Supersized" recreation and a t-shirt are included. A performance for family and friends highlights the final evening. Note: There is no extended care option for Theatre Bug.

Spotlight On Musical Theatre
Grades: 9 – 12
July 12 – 26
Time: 9 – 1 pm
Cost: $229

One of our most popular programs! Learn the basics of song and dance while experiencing the thrill of performing in musical numbers from Broadway shows. Students are exposed to what it takes to be a “Triple Threat” in the world of theatre, t-shirt included. A performance for family and friends highlights the final evening.

Introduction to the Potter's Wheel, Clay and Drawing
Grades: 9 – 13
July 14 – 18
Time: 9 – 3 pm
Cost: $229

Spend your mornings learning new drawing techniques and your afternoons on the potter's wheel trying to center clay and make a coil or working with coils and slabs of clay to make a vase. Some clay work will be fired and picked up at a later date. Watercolors, ink, pencil, charcoal, pastel, clay and slip may be used. Supervised outdoor activities and games will complement time in the studios. Dress for a mess! Bring a snack and a snack for morning break. Cost includes all materials and supplies. Enrollment limited to 14 students.

Painting
Grades: 8 – 12
July 21 – 25
Time: 9 – 1 pm
Cost: $229

Sculpture Class
Session 1 July 21 – 25
Time: 9 – 3 pm
Cost: $229

This five-day course is for the young artist who likes to sculpt! Students will be introduced to clay and sculpting materials. Cost includes all materials and supplies. Each session different sculpture & painting projects.

Enrollment limited to 20 students.

Teen Art School
Ages: 13 – 17
July 7 – 11
Time: 9 – 3 pm
Cost: $229

A fun and dynamic program designed for teens interested in the arts or seeking to create work for a portfolio. This year's focus will be on drawing and painting techniques using all different media. Traditional and contemporary works of art will be presented for inspiration and students will investigate a range of subject matter. Individual expression will be encouraged. Bring a snack and a snack for morning break. Cost includes all materials and supplies. Enrollment limited to 25 students.

Pirates and Mermaids
Ages: 6 – 9
August 11 – 15
Time: 9 – 3 pm
Cost: $229

This epic adventure will have you participating in exciting treasure hunting quests through the deep blue sea while encountering unusual sea creatures like mermaids! During your quest you will follow an ancient map of the oceans, race to the treasure, solve riddles and defeat traps laid in the way. We'll have an awesome time sailing the seven seas during the week. We'll make beautiful underwater masterpieces and find cool creatures in our treasure chest. We will create our own sail art and we'll even make a treasure map. Activities include: pirate games, songs, arts and crafts and more!

Wrestling Adventures
Ages: 10 – 13
August 11 – 15
Time: 9 – 3 pm
Cost: $229

Do you dream of being a fair tales or story of fantasy? Step into the world of adventure tales through reading and writing where you can create the fantasy tale of your dreams. Students will learn about the characteristics, structure and history of various tales through reading. You will then use these skills to create your very own adventure tale. Students will receive their tale in print!

Paramonial Investigation
Ages: 12 – 15
August 11 – 15
Time: 9 – 3 pm
Cost: $229

A LIVE ghost investigation will give you hands-on learning as we begin by studying the different types of paranormal activities. Explore both the scientific and metallurgical techniques used in this area of investigation. Learn to use the investigating equipment and process our findings.

Advanced Video Game Programming
Ages: 13 – 17
August 11 – 15
Time: 9 – 3 pm
Cost: $249

Students of the first game programming program will continue to learn even more advanced game development techniques. You will create a new two-dimensional game and add advanced features and capabilities beyond introductory-level games, adding custom sound effects and animations. Students successfully completing this week of training will receive a Certificate of Advanced Game Programming for use in their college application, resume, or to enhance their developing career portfolio. Advanced Video Game Programming is open exclusively for 13-17 year old participants who have already attended our Build Your Own Video Game program earlier in the summer or students that attended last year's game making program.
