Admission Application Form

Mount Wachusett
Community College

Dual Enrollment: A Head Start on College.

Mount Wachusett Community College offers multiple concurrent enrollment programs. Whether in high school or home school programs, juniors and seniors (age 16 or older) are offered the opportunity to apply to enroll in college classes prior to their high school graduation. Dual Enrollment offers a unique true-to-life college experience, allowing the high school student to focus on courses that transfer to most two-year and four-year public and private institutions while completing their high school graduation requirements. Admission to the program is a competitive process. Selected students are enrolled in either a part-time or full-time college-level course load depending on their enrollment program and on course needs. Students participating in Dual Enrollment programs are considered MWCC students and as such will be awarded the same academic support privileges as other MWCC students. Students are encouraged to participate fully in college activities and programs including the Honors Program and other co-curricular activities. This application includes information for the multiple concurrent enrollment options at The Mount.

Monthly information sessions are held at MWCC. Interested students are strongly encouraged to attend. Parents/guardians are welcome to attend. Please contact the **Office of Admissions** to register at 978-630-9110.

ACCEPTANCE

Applications will be reviewed on an individual basis. Due to the selective and competitive nature of the dual enrollment program, not all applicants who apply to the program will be admitted to the College.

ADVISEMENT/REGISTRATION & PARTICPATION

Dual Enrollment students will meet with their MWCC advisor to register for their individual classes and throughout the semester as needed. First priority will be to place students in those courses required by their high school for graduation. Guidance completion of an applicant's Education Information on page 3 of this application is vital in establishing course needs and serves as a contract between MWCC and the sending high school. A student whose GPA falls below a 2.0 during any one semester will be ineligible to continue in the Dual Enrollment program. Any student who does not successfully complete all courses enrolled in within a given semester may be subject to re-evaluation or dismissal. Students may only advance from part-time to full-time status, per Admissions and guidance approval, after successful completion of current course load. Each student's enrollment status and course load for future semesters will be evaluated based on his or her most recent semester. Students must comply with all MWCC student policies as outlined in the MWCC Student Catalog including add/drop and withdrawal deadlines and accompanying procedures.

ACADEMIC CREDIT & TRANSCRIPTS

After successful completion of a semester, students will earn college credits which may be transferable to most two and four-year public and private institutions. In addition, students will receive credit from their high school to meet graduation requirements. Students are responsible for ensuring that MWCC college coursework will be acceptable for secondary school diploma completion through their guidance counselor. All tuition-paying, dual enrollment students are responsible for requesting their official MWCC transcript through the Records Office by completing the Transcript Request Form at the end of their academic experience with MWCC. MWCC does not send official transcripts to student's high schools or to other institutions unless the Transcript Request Form is completed. Unofficial copies of transcripts are available to students through their MWCC iConnect accounts.
