CHILDREN AT WORK

Policy Statement

The College, as a place of business, respects and supports a work climate that is conducive to accomplishing its mission. Given that, the College does not endorse employees bringing children to work. Recognizing that an emergency might arise however, employees may request permission of their supervisor(s) to bring their child(ren) to work under conditions listed below:

REQUEST PROCEDURES:

1. Employee work site must be hazard free (i.e. no heavy or dangerous equipment, no exposure to confrontational situations, etc.).
2. Employees must submit a request to their immediate supervisor and receive prior supervisory approval.
3. The manager reserves the right to ask children to leave if they become disruptive to the workplace.
