MWCC Club/Organization Raffle Ticket Log Sheet

Club/Organization Name: ____________________________________________________________

Date(s) of Raffle: ________________________________________________________________

All ticket sales must be tracked according to ticket price/quantity when tickets are sold at varying prices. Please use “hash marks” when logging ticket sales to signify how many tickets have been sold. Use one “hash mark” per set of tickets sold (e.g. Tickets are $2/5, record one “hash mark” for every set of 5 tickets sold for $2. Tickets are $1/1, record one “hash mark” for every 1 ticket sold for $1.) This means that the number of “hash marks” times the dollar amount should equal the total amount of money collected. Five “hash marks” under $2/5 will equal $10, Seven “hash marks” under $1/1 will equal $7.

Price ____/Number of Tickets ____         Total Sets of Tickets Sold ______ = Total Money Collected ________

Price ____/Number of Tickets ____         Total Sets of Tickets Sold ______ = Total Money Collected ________
