

**Mount Wachusett Community College
and
Charter Oak State College**

Transfer Agreement

This transfer agreement provides transfer admission opportunities for graduates of Mount Wachusett Community College's (MWCC) Associate of Science or Associate of Arts degree, who are academically qualified (2.0 or higher GPA) and are interested in completing their bachelor degree through Charter Oak State College (COSC). Students will complete a maximum of 87 transferrable and applicable college-level credits at MWCC and a minimum of 33 credits with Charter Oak State College.

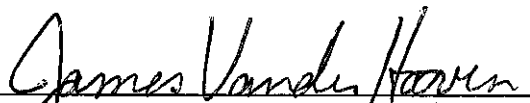

Terms of Agreement:

- I. MWCC students accepted to COSC will receive up to 87 academic credits for college-level courses successfully completed with a passing letter grade. Courses applicable to the Written Communication and Major/Concentration areas require minimum grades of 'C'. Non-credit, freshman orientation, or remedial courses will not be accepted for transfer credit and/or graduation requirements. COSC will work with MWCC students to determine additional credits to complete at MWCC, beyond the associate degree, to total 87 transferrable and applicable credits. These credits will be completed at MWCC, at MWCC tuition and fee rates, and course selection will be determined by the bachelor-level program of study to be completed through COSC.
- II. If a student does not have the foundation or skill to enroll in an upper-level course because he/she has not taken the appropriate introductory courses, he/she will be required to take any necessary prerequisite(s).
- III. MWCC students need to submit a COSC application and official transcripts from MWCC, as well as any other post-secondary educational institutions previously attended, whether or not credit is being transferred to COSC. Any applicable COSC application fee will be waived for the MWCC students participating in this transfer agreement. Students must apply to COSC once they have registered for their final semester (semester in which they intend to graduate) at MWCC. Qualifying MWCC graduates with an earned Associate of Science or Associate of Art degree will be guaranteed acceptance to COSC.

- IV. Both Colleges agree to the right to use each other's names, with permission, in print and media advertising to the public for the purpose of marketing the programs described herein.
- V. The effective date of this agreement will be the final date of signature. The agreement will be ongoing and will be reviewed on an annual basis. At the request of either institution, the agreement may be renegotiated. Either institution may terminate the agreement with one year notice in writing. In the event the agreement is terminated, COSC will honor the terms and conditions of this agreement for accepted students who are participating in this transfer agreement.
- VI. MWCC and COSC, recognizing the importance of providing a seamless coordination between the associate and bachelor degree enrollment, hereby enter into this transfer agreement.

We, the undersigned, as the representatives of Mount Wachusett Community College and Charter Oak State College, hereby demonstrate our commitment to full implementation of this transfer agreement.
